- PERFORMANCE 08
- SAFETY 09
- LOYALTY 10
- PRODUCTIVITY 11
- PREPAREDNESS 12

THE TARGET 12

OUR BEST EFFORTS

It's obvious what you expect when your workers are on the job. Diligence. Performance. Pushing the curve...safely. You expect measured productivity.

But what happens when they're not on the rig? When they're not on the clock? What happens during the other 12 hours?

You may think that you don't have any say in that. After all, they're not on duty so what can you do?

Rest Assured, you do have a say.

01 FOOD

The appetite your team works up is satisfied with delicious meals prepared from scratch using fresh ingredients. Quality steaks, hand-cut French fries, handmade pizzas and more are here for your workforce, day in and day out. With healthy food options – always fresh, even upon request – your people will be properly fueled and fit to perform every day.

02 REST

Your workers sleep in quiet, private rooms, on comfortable mattresses with 250-thread-count linens. We try coordinating occupancy by sleep cycles, putting night shift workers in the same wings. Since everything is taken care of, your workers can relax, knowing they don't have to worry about fending for themselves. That peace of mind can make all the difference.

03 CONNECTION

Hard work in remote locations, away from family and loved ones for extended periods of time, can lead to a sense of isolation. At Target Hospitality, we maintain reliable Wi-Fi, so your workers can stay connected to home and family, a huge morale booster. They'll also be in touch with what's going on in the world thanks to reliable cable access.

04 WELLNESS

We are your partners in fatigue management and the extension of your 24/7 safety culture. Lodges are positioned close to your job site, shortening the commute for tired workers. Hearty, diverse menu options, superior sleep conditions, exercise equipment and recreational space contribute to a physically and mentally fit worker, reducing the likelihood of injury.

05 COMMUNITY

Unlike a hotel or motel, which often leaves one feeling cut off from activity and coworkers, Target Hospitality promotes community. Our lodges are designed with commons areas for dining, socializing and sport. The opportunity to engage with others and meet new people is beneficial to one's attitude and general disposition, so your people can feel a part of something.

06 HOSPITALITY

Our customers have high expectations. With focused care and attention to detail, we deliver hospitality in a professional environment. Meals and housekeeping services are available to all employees regardless of their schedule or work shifts. We ensure ample space to park, enforce a code of conduct and maintain an alcohol-free site for the safety and health of all who stay with us.

YOUR BEST WORKFORCE

Everything we do at Target Hospitality contributes to a better-performing, work-ready team. Given the welcoming environment, restful time and space, sense of community and hearty food they can use to fuel their bodies, your workers are less likely to make errors on the job, less likely to get injured, less likely to leave for another company.

You can expect them to be more engaged and focused, and therefore much more productive. Also more loyal to you, given the accommodations you've provided them through Target Hospitality.
